ARM 1010

AMMONIA REDUCING MICROBES

Product data sheet

Valid from: 1-31-11

Product type

ARM 1010 is a microorganism blend.

Product specifications

Components: Microorganisms, water

Physical form: Liquid

Color: Pinkish-brown

Fragrance: No fragrance added

pH: 7.0–8.0

Properties: Free-flowing

Solubility: Complete

Production method

Microbial strains are produced within a Quality Management System that is certified to ISO standards. Tight controls and stringent tests are incorporated into the production process to ensure that all products are manufactured to the highest quality standards. Strains are isolates of naturally occurring organisms and are not genetically engineered or modified.

Available packaging

10-lb jugs

Product code

NA: 7033000

EMEA: 7023000

CN: 7095190

Storage and handling

Refrigerate concentrate upon receipt and throughout period of use. DO NOT FREEZE. Store regular liquids in a cool environment. Avoid excessive skin contact with liquids. Wash hands thoroughly with warm, soapy water after contact. Avoid contact with eyes.

Safety

ARM 1010 has a blend of microorganisms rated as BioSafety Risk Group 1 as defined by organizations such as the CDC and NIH.
